AUDIT TYPE:

Announced Audit

AUDIT EXECUTIVE SUMMARY:

Summer Time Produce - Packinghouse is located in Vincennes, Indiana. Watermelons are transported from their own fields in modified school buses, unloaded by hand, placed on a conveyor belt, graded by hand and then packed into bins depending on their size. The bins are then moved to ambient storage prior to being shipped out. Cabbages and pumpkins are cross docked only. This is a dry facility only, and no allergens are handled. Well water is utilized for handwashing and cleaning. There is a HACCP program in place with no CCP's identified. The audit duration was shortened due to the simplicity of the process, small facility size, no cooler space, and the auditor's familiarity with the food safety management system used.

Addendum(s)/Module(s) included in the audit:

Not Applicable

Product information for each product

Product Group/Product Name	Observed Product	Seasonality	Country of destination for product
Cabbages	Not observed but of a similar risk type to what was observed*	From: August To: November	United States
